SECRET HARBOUR BEACH RESORT**

Pursuant to 12 VIRR § 910-5(e), rental fees for the occupancy of trustlands or other submerged and filled submerged lands shall be based on the fair market value of the land or improvements, gross receipts for commercial operations, and any other factors that may be pertinent thereto; provided however, that the weight being given to the criteria used shall be attached to the lease or permit and that no such leasee or permittee shall be charged a rental fee less than the established minimums, subject to the conditions of 12 VIRR § 910-5(f).

DPNR-CZM attempted to obtain the fair market value of parcel Nos. 2D-A, 2D-B, 2D-15, 2H-24-1, 2H-24, 2H-25 Estate Nazareth; however, no fair market value is recorded for these parcels at the Office of the Lt. Governor, Office of the Tax Assessor. The structures occupying submerged lands are not directly involved in any commercial operation, and therefore the primary method of assessing a rental fee of the submerged lands was using comparisons to other permits issued for similar activities.

The total rental fee assessed for the occupancy of the submerged lands by the structures listed in Section II. "Scope" of this permit is FIVE THOUSAND EIGHT HUNDRED DOLLARS (\$5,800.00) and is broken down as follows:

- 12' x 80' (960 ft²) dock structure - \$1,300.00 per year
- One 2" intake line and One 2" outfall line for reverse osmosis plant - \$4,000.00
- 12.5' x 15' (187.5 ft²) swim platform - \$500.00
