GALLOWS BAY LANDSIDE IMPROVEMENTS RENDERING

Present Gallows Bay Facility

Rendering of Planned Improvements

Pending US Army Corp Approval

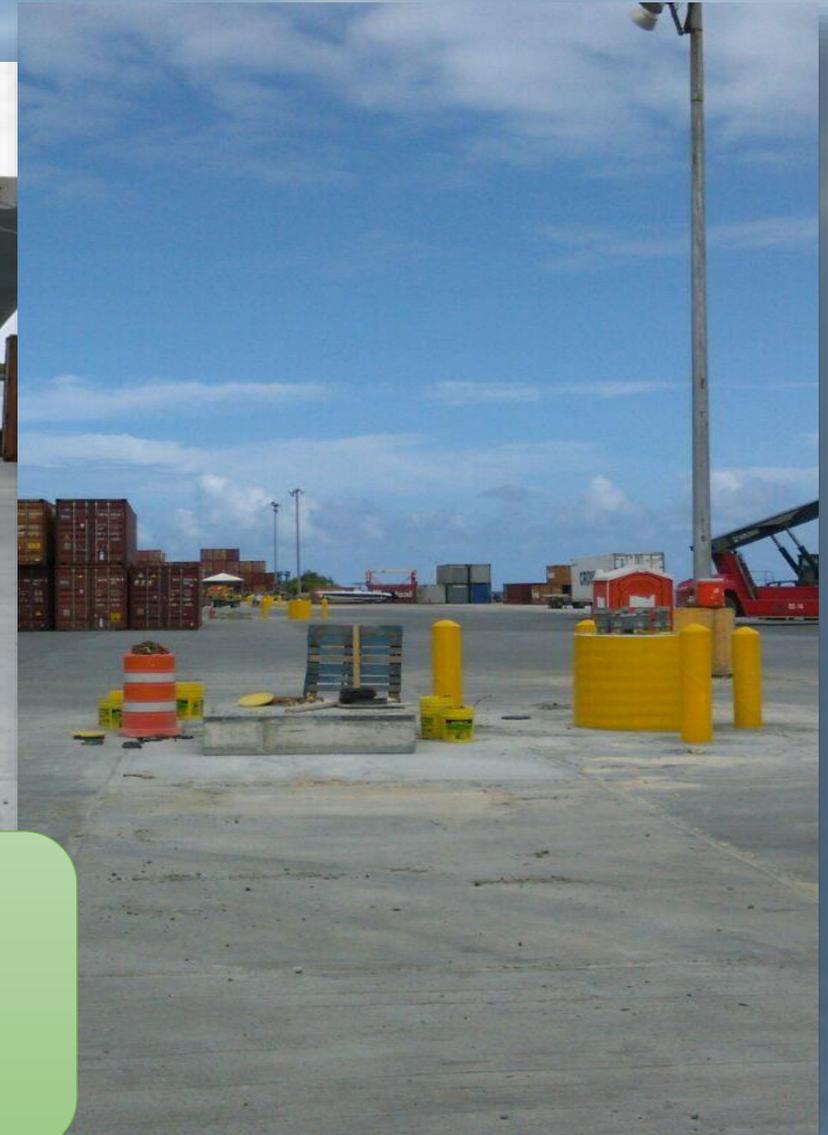

OVESEN SEAPLANE TERMINAL SHORELINE RESTORATION

This project is pending Army Corp approval and is critical as it poses an EPA violation issue for the Authority.

Pending US Army Corp Approval

CONTAINERPORT HIGH MAST LIGHTING INSTALLATION

The portion of this project funded in FY16 has been completed. The second phase will be funded and completed in FY17.
Estimated total project cost: \$777,000

BLYDEN TERMINAL FENDERING REPLACEMENT AND APRON REHAB

This project should be completed by August. It is funded by VIPA using revenues for ships dues and wharfage fees.

AUSTIN MONSANTO MARINE FACILITY PIER MODIFICATIONS

We currently have the permit to fill in the notch at the Crown Bay Cruise Ship.

We will also need to install a new dolphin due to the extension to support the larger ships. This portion of the permit is pending Army Corp approval.

**\$2.5M Bond Financing - Permit Modification
Pending with USACOE**

NEW CARGO APRON AT MOOREHEAD MARINE FACILITY STJ

\$2.2 million project performed by
Rumina Construction

PRIVATE JET PARKING SPACE IS AT A PREMIUM DURING HIGH SEASON

NEW VIPA MAINTENANCE BUILDING

Our maintenance building is over 70 years old and badly deteriorated inside and outside.

The facility leaks heavily during even the slightest rains and creates an unsafe working environment for our employees.
