## **DEPARTMENT'S OVERVIEW**

The Virgin Islands Bureau of Internal Revenue (the Bureau or IRB) was established in August 1980 Act No. 4473 and subsequently amended by Act. 4479 in September 1980 followed by Act. No. 6086 on November 9, 1995. The bureau operates under a “mirror” system of taxation established by the Naval Service Appropriation Act of 1922, which applies the U.S. Internal Revenue Code to the Virgin Islands by substituting “Virgin Islands” for “United States,” thereby granting the Code a unique application within the territory. Through this framework the Bureau benefits from the extensive array of forms, regulations, and guidance issued by the Internal Revenue Service.

As an independent Agency of the Government of the Virgin Islands, the Bureau serves as the primary revenue collection entity for the territory. It is responsible for the administration and enforcement of the Virgin Islands’ Internal Revenue tax laws, with jurisdiction over all internal revenue taxes including income, gross receipts, excise, highway users, hotel room, entertainment and fuel taxes.

The Bureau’s central office is located on St. Thomas, with a fully staffed branch on St. Croix, and a satellite office on St. John. It operates under the leadership of a Director, supported by Deputy Directors in each district, and a Department Chief who oversees the functions of three principal operation branches. The Bureau’s organizational structure includes:

- **Director’s Office**, which comprises:
  - Federal Disclosure
  - Human Resources Office
  - Business Office
  - Criminal Investigation Division
  - Office of Legal Counsel
  - Reviewer/Conferee
  - Computer Operations
- **Processing Branch**
- **Audit Branch**
- **Collections Branch**

The mission of the Bureau is to enhance voluntary compliance and ensure quality service through taxpayer education and the consistent application of laws, thereby providing budgetary resources to improve the quality of life for U.S. Virgin Islands (USVI) residents.

## FISCAL YEAR 2026 BUDGET SUMMARY

The Governor has recommended a General Fund appropriation of **\$14,060,535** for Fiscal Year 2026. **Exhibit III** presents a three-year financial summary for the Bureau of Internal Revenue. For FY2025, the department's budget ceiling was reduced by **\$393,601** when utilities were removed and transferred to the Single Payer Utilities Fund, resulting in an adjusted ceiling of **\$12,865,059**. Per OMB data as of June 6, 2025, the Bureau has been allotted **\$8,448,590.39**, leaving an unallotted balance of **\$4,036,465.61**.

Additionally, an extra **\$380,000.00** appears as a utility reduction in the allotment log. This is erroneous, as utility funding was already deducted off the top during the budget ceiling adjustment and should not have been double-counted.
