Good afternoon,

Application [ZAJ-20-5](#)

ZAJ-20-5: Animal Care Center of St. John, Inc. requesting that Parcel No. 14 Remainder Estate Carolina, No. 1 Coral Bay Quarter, St. John be rezoned from R-2 (Residential Low Density – One and Two Family) to B-2 (Business Secondary/Neighborhood). The purpose of the request is to allow for an animal care center.

The bill (33-0466) did not comport with the department's recommendation and the way it was worded, would not have allowed the project as the applicant proposed. They do not need another DPNR hearing due to the department recommending approval. They would need the bill re-sponsored.

Hello Ms LaPlace,

The ACC would like to try again to change the zoning of their property to allow for the new ACC building to be built in Coral Bay. As you may remember, we received approval from the senate but DPNR asked the governor to veto the bill after approval because the wording was not as requested. Our goal now would be to submit the same application (no changes) and ask for the same public support.

Under the circumstances we look to you for guidance and the ACC is looking into sponsors within the legislature.

Thank you
