Some people who received this message don't often get email from cguilbeau@hovensaert.com. [Learn why this is important](#)

Well 621 is located approximately 50 feet from the newly cut gate in the fenceline just west of the old Tropical Supply Building. Please see the screenshot below with the approximate location of well 621 and all other wells located in Estate Pearl.

Subject: Public Hearing re. Application ZAC-24-6, Plot No. 8, Cassava Garden, Queen Quarter
Importance: High

Good day.

Please send me the information to attend the zoom meeting being held today at 10 AM regarding the subject item.

There is an easement agreement for this property that provides the HOVENSA ERT access to this property for the purpose of completing work required under the EPA-issued RCRA Hazardous Waste Permit No. VID980536080.

The HOVENSA ERT was not informed of these proposed changes. Thankfully, someone sent me a picture of the notice on the fence at Estate Pearl.

Regards,
Carey Guilbeau
