St. Thomas, VI. 00802

Re: Bill No. 35-0027 An Act honoring and commending Mr. Myron Corbett posthumously for his many contributions to the youth of the Territory by renaming the basketball court located in Anna's Retreat, St. Thomas.

Dear Madam Chair, Carla Joseph and Fellow Senators:

It is with great gratitude and enthusiasm that I sit before you to honor the life work of my late friend and brother, Myron Corbett. Myron and I grew up together in Oswald Harris Court, or where we called "New Housing".

Our childhood in Housing was a rich experience. There we played ball together, literally fought each other and dreamt together. The old people would say we were "high-minded" or we were "bigoty" in our thoughts. We dreamt of leaving a lasting legacy in our community, and that Myron did.

Though he was slightly younger, he was so talented, he played on our neighborhood basketball teams. He perfected the no-look pass before Magic Johnson and the killer crossover dribble before Allen Iverson. But Myron's greatest asset was not his talent on the court, but rather the size of his heart in working with the young people in our community.

In the early 1990s when he returned to St. Thomas, Myron joined me as the Assistant Producer of the award winning teen television talk show, Graffiti Street. When I was elected to this body, Myron carried on the legacy of Graffiti Street for over a decade. When it came to the youth, he had a big heart and a bigoty way of thinking. He had a dream of taking our youth beyond the borders of the Virgin Islands. From America, to Europe to South America, the youth of Graffiti Street saw and experienced the world because of Myron.

I wrote in the foreword of Graffiti Street's 1994 magazine, "Only a dreamer can rise above the restricting thoughts of the common mind. When it is common to say I Can't, the dreamer challenges, Why not. He asks why not because he knows no limits. The production and success of Graffiti Street are manifestations of a dream. In a positive sense, I characterize it as a Dream out of control. For control is restricting and dreams hate restrictions."

Myron was a dreamer, and he lived and carried out his dream.

I thank you for this opportunity and look forward to answering any question(s) you might have.

Appreciated,

Allison Petrus
