Comments/Concerns:

What will happen to the residents who has been on the waiting list for homeownership, should they fall within the gap of "over-income" residents?

We have a time frame of particualy 4 months to purchase if this policy is to be activated. Will these residents be exempt?

Comments/Concerns:

returning citizens

Concerned about transitional/emergency housing for ex-offenders. Upon release there is no housing available. We have an offender sleeping in the cemetery in Fredriksted. We have an offender express that he may have to reoffend just to have a ~~roof~~ roof over his head. We have applied for an emergency voucher for a client via Catholic Charities but have yet to hear back.

I did not see mentioned in the Annual
Plan anything that addressed ex-offenders
