This email was sent from someone outside of **Legislature of the Virgin Islands**. Always use caution when opening attachments, clicking links from unknown senders or when receiving unexpected emails.

In a few weeks, we'll be issuing the project update, complete with the info requested, within the next few weeks. It will include milestones and critical path items for completion. As you and everyone is aware, the anticipated completion date hasn't changed from December 25, 2025 as reported during the hearing. Please forward your request for any contractual documents to the Department of Property & Procurement.

Please note that I **will not respond** to another request for the same information until the project update is ready for distribution.

Importance: High

Good Day Commissioner Gabriel,

I hope you are doing well.

I am following up once again regarding the project information requests submitted on July 18 and again on July 25 concerning the Paul E. Joseph Stadium. These were sent on behalf of Senator-at-Large Angel L. Bolques Jr., in his capacity as Chair of the Committee on Culture, Youth, Aging, Sports, and Parks.

As of today, July 30, we have not received any response or acknowledgment from your office. I want to express that this lack of communication is not only disappointing, but it also undermines the committee's responsibility to the public in providing transparent and timely oversight of ongoing projects.

While I fully understand that schedules can be demanding and unexpected delays happen, this request was made formally through the Committee Chair and should be treated with the level of seriousness and respect that legislative oversight requires.

We are simply asking for:

- A detailed and updated project schedule
- A summary of current progress (including percentage of completion)
- Projected completion date(s), with any known delays or revised timelines

If there are challenges in compiling this information, please let us know. Even a brief update would be appreciated at this point. I kindly ask that this matter be prioritized so that we can properly support the work of the Committee and the people we serve.

Thank you in advance for your time and attention.

Have a wonderful day!

Dear Commissioner Gabriel and Team,

Good day.

On July 18, 2025, a formal request was submitted through the Chair of the Committee on Culture, Youth, Aging, Sports, and Parks, Senator Angel L. Bolques Jr., seeking critical project information regarding the Paul E. Joseph Stadium.

We understand that Commissioner Gabriel is currently out of the territory. However, given that today, Friday, July 25, 2025, is the stated deadline for submission, we are respectfully following up to request the immediate transmission of the following:

- A detailed and updated project schedule
- A summary of current progress (including % of completion)
- Projected completion date(s), including any known delays or revised timelines

This information is necessary to support the Committee's ongoing oversight responsibilities. If there are any issues preventing full submission today, we ask that a status update or partial documentation be provided before the close of business.

Thank you in advance for your prompt attention to this matter.
