No networks have been submitted for these states. Please [see below](#) for instructions on how to participate.

About the Locator

In November 2019, the Elder Justice Initiative (EJI) at the U.S. Department of Justice launched the Elder Justice Network Locator Map, a map of the nation's elder justice networks. Network is broadly defined to include any type of team working on elder justice/elder abuse issues (with a few exceptions).

The Locator is designed to enable elder justice professionals to locate and collaborate with elder justice networks/teams across the nation. Users can filter networks by state using the navigation tools, or search by a keyword menu provided above the map.

The locations provided are not exact addresses, but regional representations based on information provided by each network. For further information contact the network directly.

The Locator Map was launched knowing that there are many more networks across the country that are not currently represented on the map. We are asking you to help us fully populate the Locator. Networks are added on a voluntary and rolling basis.

For more detailed information, view our webinar, [Mapping Elder Justice Networks](#).

The information contained on the Elder Justice Website is for informational purposes only and is not intended to provide legal advice. To report elder abuse, visit: [Find Help in Your Area](#).

How to Participate

If your network would like to be included in the Elder Justice Networks Locator Map, please submit to talitha.j.guinn-shaver@usdoj.gov your:

- Network name
- Network type (MDT, FAST, Task Force, etc.)
- Physical address (city and state at minimum)
- Web address (if applicable)
- Contact person's email or phone number

Please note that for-profit organizations and dot coms cannot be included. Other rules may apply. Submission is not a guarantee of inclusion in the Locator.
