To Whom It May Concern:

On behalf of the Educational Administrators' Association, it is my honor to offer this formal endorsement for Mr. Pedro Williams, Esq., who has been nominated to serve on the judicial bench of the Virgin Islands.

For more than twenty years, our Association has been fortunate to have Attorney Williams as our legal counsel. Throughout this time, he has exemplified the highest standards of professionalism and integrity. His legal expertise, steadfast work ethic, and deep commitment to fairness have guided us through complex matters with clarity and confidence.

Attorney Williams is known for his calm yet commanding presence, his thoughtful approach to problem-solving, and his consistent ability to communicate effectively even under pressure. His guidance has not only protected our interests but has strengthened our Association's capacity to serve educators and students across the Territory.

While we will undoubtedly feel the loss of such a dedicated and honest attorney, we are equally confident that the Virgin Islands will gain an exceptional member of the judiciary. His fairness, prudence, and unwavering ethical compass will, without question, be assets to the bench and to the wider community he will serve.

We proudly congratulate Attorney Williams on his well-deserved nomination and extend our full support as he embarks on this new and distinguished chapter of service. We wish him continued success and offer our heartfelt appreciation for his many years of commitment to our Association.

Respectfully,

Carver Farrow
