13. Our diverse community requires a unique approach to healthcare through collaborative efforts among healthcare practitioners choosing to put our patients first, every day. I embody this approach as I have served the community for several years collaborating within our specific chiropractic care sector as well as with other health care professionals within the territory. As a young and driven health professional I possess the energy required to speak up and seek positive change. I am proud to be a part of this community and group of individuals working towards our mission to serve our community and improve overall quality of life.

26. My understanding of Conflict of interest in regards to this position entails choosing personal interests over public interests when voting on healthcare policy and practice. A board member when making decisions on behalf of the people of the Virgin Islands should always have the best interest of those they represent.

29.

S1- Increase youth interest in healthcare careers that serve their local communities by creating a shadow program for High School juniors and seniors.

S2- Improve transparency for new doctors interested in getting licensed in the USVI

S3- Increase awareness of chiropractors in USVI and our role in Healthcare

S4- Improve inter-referral networks between healthcare providers in the USVI

L1- Advance students from shadow programs to introduce youth into emerging healthcare roles such as chiropractic assistants and preceptors.

L2- Partner with UVI to develop a Pre-Chiropractic program to increase native virgin islanders interest in serving their communities as Chiropractors

L3- Improve care quality to low income families through healthcare volunteer clinics

L4- Host inter-profession think tanks territory wide so chiropractors are involved in their communities and are seen as leaders and innovators

30. In order to create the best plan to move forward I would need to understand the monetary requirements set forth to run this specific department. By understanding these needs I believe I and the other board members would be able to collaborate and develop a plan that will enable us to continually serve the people of the US Virgin Islands.

Dr. Tylur Arvidson- Office of the Governor, Office of Legal Counsel

31. My views on equal employment opportunity are that no person shall be discriminate against based on their sex, age, gender, race, religion, disability or beliefs. In regards to sexual harrassment I support a zero tolerance policy and encourage those who have been or are currently being sexually harrassed to speak up.

33. It is important that the younger generation of chiropractors in the USVI step up and continue to improve upon the foundation of our profession.
